

EXHIBITION SUBMISSION INFO FOR ARTISTS

1. Submit no more than 10 images of your work by email. Along with this please include a biography and/or artist statement containing information on the work and yourself, and also an indication of the dimensions and retail price for each piece submitted. To submit images (photographs or .jpeg on cd) by post, please provide an SAE to ensure the return of your images. Please feel free to also include a link to website if appropriate.
2. You will be sent an automated acknowledgement that we have received your email submission.
3. Your submission will then be considered by a board of staff members. We have a team of curators who specialise in different media. Due to the number of applications this may take around 12 weeks so please be patient. You will hear back from us even if you have not been successful.
4. If your work is selected for exhibition we will liaise with you regarding a date to exhibit in the gallery
5. If your work is not selected for exhibition we will be in touch to let you know this but regret that we will be unable to provide detail or enter any further discussion as to the team's decision.
6. There are no charges to exhibit your work at Artrium Gallery, we work on a commission only basis.

All submissions should be emailed to info@theartrium.org.uk
